The locksmith came and looked at the door lock. It is going to be about \$600 to put in a keypad. It would be about \$400-500 for just a dead lock.

Shannon made a motion to fix the dead bolt not to exceed \$700 2nd by Alice.

Automatic Door Jeanette called and had someone come look at it, and he said that we would have to call the company that put it in. if we do call them they charge \$350 just to come and look at it and charge \$150 an hour to work on it. The company is Teejay Central from Gridley, Illinois. Jeanette is going to look into how much it would be to just replace it.

John made a motion to have Teejay Central to come and look at it to see if we can get it fixed, 2nd by Sheryl.
